### **DETAILED ACTION**

1. This is in response to the Applicants' election filed 9 July 2009. Applicant elected Group II, claims 72-73, to be examined without traverse. Claims 72-73 have been examined.
2. This Final Rejection is proper because Applicant, in response filed 26 March 2009, amended independent claims 1 and 63 and added new independent claims 72, 74, and 75. The 26 March 2009 amendments resulted in the Requirement for Election/Restriction sent by the Examiner 9 June 2009.

### ***Claim Rejections - 35 USC § 102***

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 72-73 are rejected under 35 U.S.C. 102(b) as being anticipated by Langhans et al., U.S. Pat. No. 5,621,201 (hereinafter, Langhans).

As to claim 72, Langhans discloses a system for controlling financial transactions of an organization, comprising:

a financial management system including a computer having a storage and providing control, by defining a management system limit, and accounting for financial transactions of multiple users within the organization (invention details a purchasing control system for a corporation and its employees) (abstract; col. 3, line 62-col. 4, line 24; col. 2, lines 30-39; Figs. 2 and 8); and

Art Unit: 3695

a money transaction card system including a computer having a storage, associated with the financial management system and providing control, by controlling transactions responsive to a card system limit and the management system limit where the card system limit is a limit on a money transaction card set by the money transaction card system issuing the card (issuing bank offers various pre-defined limits of transaction activity for credit cards) (col. 11, lines 24-31; col. 15, lines 24-31; col. 12, line 62-col. 13, line 2; Fig. 8).

As to claim 73, Langhans discloses the system as recited in claim 72, wherein the money transaction card comprises one of purchase card, debit card, prepaid card, credit card, check card, procurement card, fleet card, corporate card, expenses card, combination card, and travel card (credit card) (col. 2, lines 59-61).

### ***Response to Arguments***

5. Applicant's arguments with respect to claims 72-73 have been considered but are moot in view of the new ground(s) of rejection.

### ***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

Art Unit: 3695

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
